

GREENHOUSE

New Horizons operates a full size greenhouse which was donated by Rimol Greenhouse Systems, Inc. of Hooksett, NH. It opened in 2014 on an empty lot, owned by New Horizons, adjacent to our facility. The growing is overseen by a collaborative of wonderful volunteers who have a passion to feed people in need some very healthy food while helping New Horizons save money on its food budget. This is the only urban greenhouse located in a major city in the State of New Hampshire. The greenhouse supplies fresh produce to our soup kitchen which prepares dinner each evening for over 250 people.

HEALTH SERVICES

Easily accessible medical services are offered for shelter clients as well as all homeless adults. Healthcare services and substance abuse counseling are available through the Mobile Community Health Team which is federally funded through The Manchester Health Department and contracted to Catholic Medical Center.

Fundraising 38%

OUR STRENGTHS ARE in our **STAFF** and **VOLUNTEERS**

While New Horizons has a dedicated staff of 18 full-time and 16 part-time employees, we rely heavily on volunteers to run our organization. They assist us in our soup kitchen, food pantry and at fundraising events. We have 1,700 volunteers who donate approximately 30,000 hours annually. To volunteer, please go to our website.

*Providing food and shelter
to people in need and
offering supportive services to
achieve self-sufficiency since 1979.*

ABOUT US

New Horizons operates an emergency homeless shelter, soup kitchen, food pantry and Angie's Shelter for Women. The shelters house an average of 80 people each night, the soup kitchen serves over 250 meals daily and the food pantry provides food to over 900 families each month. New Horizons is a non-profit 501c3 organization.

Our soup kitchen was started in 1979, our emergency homeless shelter opened in 1981, our food pantry opened 1983 and Angie's Shelter for Women opened its doors in 2002.

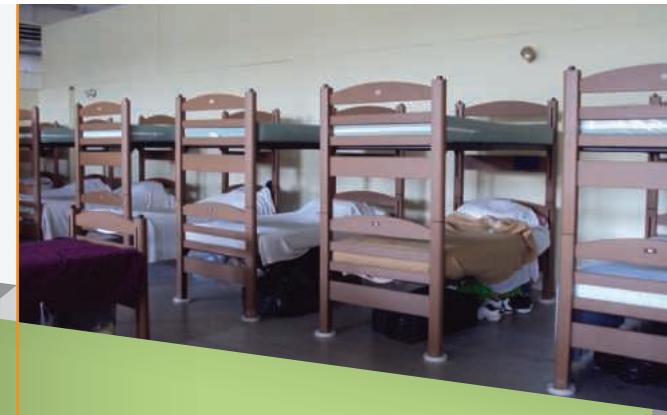

SOUP KITCHEN + FOOD PANTRY

Soup Kitchen

The soup kitchen is open to everyone. Dinner is served to seniors (over age 50) at 3:00 p.m. (Monday-Friday) and to individuals and families at 4:30 p.m. daily. The soup kitchen serves over 250 meals each day including breakfast for shelter guests. Volunteers help to prepare the meals and volunteer groups serve them each evening.

Food Pantry

Manchester residents are welcome to utilize the pantry once per month and receive pre-packed groceries based on income and number of individuals in their household. Choices of fresh fruit, vegetables, meat and bakery items are available based on family size. Clients can also utilize our bread line, open several times per week, and pick up bakery and perishable items. The food pantry provides food to over 900 families monthly.

SHELTERS

Emergency Shelter

Our shelter at 199 Manchester Street accommodates up to 90 individuals 18 years or older, averaging 68 individuals per night. Shelter residents are required to meet with a case manager, within three days of arrival, who provides personalized case management for each resident. The shelter offers breakfast, shower and laundry facilities, AA and NA meetings and medical and mental health services.

Angie's Shelter for Women

New Horizons operates Angie's, a 16 bed shelter for women 18 years or older. Angie's is a safe, home-like environment which supports personal development to achieve self-sufficiency for homeless women committed to change. In order to achieve this desired, long-term change, Angie's residents are required to work with a case manager. Angie's is often filled to capacity.

CASE MANAGEMENT

New Horizons shelter clients are required to meet with our case managers who work with each individual to develop a goal plan based on their unique needs to assist them on the road to self-sufficiency.

Our case managers identify the factors that caused the client to become homeless and help determine the client's eligibility for various housing options, government benefits, work training and life skills programs. They encourage clients to seek employment and actively advocate for them to access services available through other organizations. We also have case management dedicated for veterans.
